.....  
The Association of Meeting Professionals (AMPs) is a nonprofit association that represents and fosters the educational and professional needs of people working in the meeting management industry. Founded in Alexandria, VA in 1982, AMPs has grown from being a handful of local meeting planners to a group of over 400 planner and service provider members from all over the United States. At the core of the AMPs experience are the educational and networking programs created to provide members with the tools they need to be as successful as they can possibly be in the meeting planning industry. Whether it's a seminar on covering technological advances in the industry, contract negotiations, industry trends or a night of fun and networking at a trendy venue, AMPs programs are designed to help make members' 'life in the biz,' professionally and personally enriched by simple, inexpensive and enjoyable participation.
